

# Revelation 532

## **Specifications**

Wavelength	532nm
Beam Diameter	11-18.9in (28-48cm)
Beam Quality	Uniform speckle free illumination
Output Power	5W or 8W
Control	External potentiometer to control output power 0.2W – 6W 'dead man finger' Press for output / release no output
Light Guide	Typically 5M but could be up to 15M

## **Power Requiements**

### Mains

Voltage	110-240V AC
Frequency	50 Hz / 60 Hz
Current	<10A
Power Consumption	400W Maximum; 200W Typical

### Battery (Optional)

Input Voltage	12-13.8V DC
Battery Lifetime	Approximately 2 hours(5W) or 3 hours (8W) continuous
Battery Charger	Supplied (Internal)
Lifetime	>10,000 hours

## **Operating Conditions**

Ambient temperature Range	41-104°F (5-40°C)
Humidity	8-85%, non-condensing

## **Physical Characteristics**

### Mains only

Dimensions	330mm x 240mm x 160mm
Weight	14Kg

### With built-in battery

Dimensions	432mm x 254mm 559mm
Weight	20kg
